Public Input

Date: June 9, 1998

The CALFED Bay-Delta Program welcomes your participation. Please use the space below for your written comments.

If your comments are related to a CALFED Public Workshop or meeting, what was the date of that event? _____

Comments: Landowners who currently hold riparian water rights must not have their rights severed by habitat restoration efforts. Also CALFED must also ensure that neighboring landowners will not be negatively affected by habitat activities.

CALFED has largely ignored the potential for voluntary actions on the part of farmers and ranchers to manage private lands in a manner beneficial to wildlife species while maintaining economic viability
